Faculty *That's Truly Inspiring*

Sharda School of Business Studies faculty members come from all over the world and are engaged in rigorous academic research on a wide range of business-related subjects. They bring to their teaching not only high-level specialist knowledge in varied subjects but also a wide understanding of diverse cultures and business environments. They tirelessly teach the fundamentals in the core curriculum and work towards nurturing tomorrow's business leaders.

“*For over one and half decades, SSBS has been educating young women and men who enter its community and attain their transformation into responsible citizens, corporate leaders and management teachers. The SSBS imbibes what McKinsey in 2020 has published regarding the four parameters of the soul-searching process for higher educational institutions - discover, decide, design and deliver; what Clayton M. Christensen has given to the world-Business model innovation and contributions by many other luminaries.*”

Academic administration provides a ground for hands-on experience and provides phased exposure to students in the following manner

- **Participatory Learning:** The focus of learning has shifted from Push to Pull i.e. from Centralized Learning to Learner-Centric Learning. "Chalk and Talk" has given way to "Blended Learning".
- **Management Games:** To give students an edge over the challenges of a typical working environment, to stimulate curiosity and to encourage self-learning, management games are made part of pedagogy.
- **Group Discussions (GDs):** GDs are made mandatory in

every subject. In this activity, corporate experts are also roped in to help students mould their GD skills to a level suitable for corporate discussions and business meets.

- **Simulated Interviews:** The School provides virtual corporate environment for the interviews, invites industrial professional to be a part of interview panel and judge the students. This complete process is recorded audio-visually and shown to students to judge themselves.
- **Presentation:** Presentation is made a part of course curriculum. Students are polished throughout the course duration till they reaches the perfection level.
- **Mentoring:** To provide an easy access to the solution to any challenge faced by student, the School follows a unique system of assigning a faculty to a certain number of students as their mentor.
- **Experiential Learning:** Experiential learning is provided through industry visits, simulation activities, labs, etc.
- **Industry Visit:** To bridge the gap between classroom and real world, industry visit is made an integral part of curriculum.
- **Lectures/Tutorials:** Individual attention is paid during tutorials.
- **Guest Lectures:** To enhance students' understanding of practical aspects of industry, guest lectures are arranged.
- **Personality Development Programmes:** For overall development of personality, focus is laid on personality development programmes.
- **Village Visit:** Village visits are arranged to broaden the outlook of students regarding social issues.

Note: * A student shall opt for one course from the list of open elective courses for that particular semester. A minor elective will be floated subject to a minimum registration of 30 students.

Major discipline is the discipline or subject of main focus and the degree will be awarded in that discipline. Students should secure the prescribed number of credits (about 50% of total credits that is 60 credits for a three-year degree and 80 credits for a four-year degree).

Minor discipline helps a student to gain a broader understanding beyond the major discipline. Students should secure the prescribed number of credits (about 20% of total credits that is 24 credits for a three-year degree and 32 credits for a four-year degree).

All UG students are required to undergo 3 introductory-level courses relating to any of the broad disciplines given above. These courses are intended to broaden the intellectual experience and form part of liberal arts and science education. Under this category, students are not allowed to choose or repeat courses already undergone at the higher secondary level (12th class) in the proposed major and minor stream.
