Notification

Subject: Merit-Based Scholarship for Continuing Students

Sharda University, through its sponsorship, is offering merit-based scholarships to current students who demonstrated exceptional performance during the Academic Year 2023-24. This scholarship is available to high-achieving students from all Schools except SMS&R and SDS. To ensure the effective implementation of this initiative, all the stakeholders must adhere to the following guidelines:

1. Academic performance is the sole criterion for the continuation of the scholarship. Scholarships will be awarded starting from the highest tier based on the student's position in the school-wise merit list.
2. To be eligible for the continuation of the scholarship, students must maintain a minimum CGPA of 8.0.
3. The scholarship will cover only the Tuition Fee.
4. Students must have a minimum aggregate attendance of 75% in each semester of the academic year 2023-24 to be eligible for the continuation of the scholarship.
5. Students should not have any instances of F/FR (Failure and Repeat) or FI (Failure and Improve) to qualify for the scholarship.
6. The Scholarship Committee will determine the number of scholarships available in the second year and subsequent years.
7. Scholarships for students promoted from the 1st to the 2nd year will be awarded based on merit, according to the criteria outlined in points 1 to 6.
8. Scholarships for students advancing from the 2nd to the 3rd year will be awarded based on merit, considering the criteria in points 1 to 6 and the number of scholarships granted in the 2nd year. All specializations within a program will be treated as one unit for UG and PG students separately.
9. Scholarships for students moving from the 3rd to the 4th year will be awarded based on merit, adhering to the criteria in points 1 to 6 and considering the number of scholarships granted in the 2nd year. This applies separately to UG and PG students, treating all specializations within a program as one unit.
10. Scholarships for students progressing from the 4th to the 5th year will be awarded based on merit, following the criteria in points 1 to 6 and considering the number of scholarships granted in the 2nd year. UG and PG specializations within a program will be treated as separate units.

To ensure transparency and avoid any future corrections, a provisional merit list will be displayed by the Controller of Examinations for one week. During this period, students are invited to challenge the list and request the inclusion of their names if they believe there has been an oversight.

This bears the approval of the Competent Authority.

(Vivek Kumar Gupta)
Registrar

To,
All Deans of Schools (*except SMS&R and SDS*)
(Please informed all concerned)
