# Student Satisfaction Report - Sharda University (2023-24)

## Introduction:

This comprehensive report presents the findings of the Student Satisfaction Survey conducted at Sharda University, Greater Noida, for the academic year 2023-24. The survey encompassed students from 14 schools within the university, with a substantial 75% participation rate. However, to maintain data accuracy, only 50% of responses were considered, filtering out improper and incomplete submissions. The report delves into various aspects of student satisfaction, offering insights into syllabus coverage, teaching methodologies, faculty communication, and overall learning experiences.

## Syllabus Coverage:

- ✓ **Extent of Coverage:** Approximately 75% of students reported that more than 70% of the syllabus was covered in their subjects, indicating a positive trend towards comprehensive course coverage.
- ✓ **Faculty Preparedness:** A notable 90% of students acknowledged that faculty members were well-prepared for lectures, demonstrating a high level of commitment and readiness among teaching staff.
- ✓ **Communication Skills:** Around 79% of students found the communication skills of faculty members to be effective, emphasizing the importance of clear and impactful communication in the learning process.
- ✓ **Teaching Pedagogy:** Approximately 63% of students expressed high satisfaction with the teaching pedagogy, rating it from 'Good' to 'Excellent,' showcasing positive student reception to instructional methods.
- ✓ **Internal Evaluation:** An impressive 81% of students evaluated the internal evaluation process as fair, highlighting a perceived fairness in assessing student performance.
- ✓ **Performance Discussion:** Nearly 69% of students appreciated faculty members for properly discussing their performance in assignments, fostering a constructive feedback loop.

### Learning Environment:

- ✓ **Internship Opportunities:** Around 59% of students favored the institution's active involvement in promoting internships, student exchanges, and field visits, emphasizing the importance of practical exposure.
- ✓ **Cognitive, Social, and Emotional Growth:** Around 51% of students stated that the teaching and mentoring process at the institution facilitated their cognitive, social, and emotional growth, showcasing a positive impact on holistic development.
- ✓ **Opportunities for Growth:** Approximately 67% of students felt that the institution provided multiple opportunities for learning and personal growth, indicating a conducive environment for academic and personal development.
- ✓ **Course and Program Information:** A significant 75% of students reported that teachers regularly informed them about expected competencies, course outcomes, and program outcomes, enhancing transparency and clarity.
- ✓ **Mentor Engagement:** Around 74% of students agreed that their mentors performed necessary follow-ups on assigned tasks, ensuring effective mentor-student engagement.

### Teaching-Learning Process:

- ✓ **Concept Illustration:** Almost 80% of students favored the use of examples and applications by teachers to illustrate concepts, enhancing understanding through practical application.
- ✓ **Strength Identification:** Approximately 66% of students agreed that teachers identified their strengths and provided challenges at the right level, indicating personalized attention to student capabilities.
- ✓ **Weakness Identification:** Nearly 60% of students expressed satisfaction that teachers identified their weaknesses and supported them in overcoming these challenges, emphasizing individualized support.

- ✓ **Continuous Improvement:** Around 67% of students acknowledged the institution's efforts in engaging students in the monitoring, review, and continuous improvement of the teaching-learning process, reflecting a commitment to quality education.
- ✓ **Student-Centric Methods:** Approximately 71% of students reported that the institute and teachers extensively used student-centric methods, such as experiential learning and participative problem-solving, enhancing overall learning experiences.
- ✓ **Extracurricular Participation:** An impressive 68% of students affirmed that teachers actively encouraged their participation in extracurricular activities, fostering a holistic approach to education.
- ✓ **Soft Skills Development:** Approximately 71% of students recognized efforts by the institute and teachers to inculcate soft skills, life skills, and employability skills, preparing students for the challenges of the professional world.
- ✓ **ICT Integration:** Nearly 80% of students reported that 79% or more teachers utilized ICT tools such as LCD projectors and multimedia in their teaching, emphasizing the integration of technology for effective learning.
- ✓ **Overall Teaching-Learning Quality:** A significant 69% of students rated the overall quality of the teaching-learning process in the institute as very good, reflecting a positive perception of the educational experience.

### **Conclusion:**

**The CGPA – of the Student Satisfaction 2023-24 is 3.46**

This Student Satisfaction Report for the academic year 2023-24 provides a comprehensive overview of various aspects crucial to the student experience at Sharda University. While the majority of students express satisfaction with syllabus coverage, teaching methodologies, and the overall learning environment, there are areas for improvement, including clarity on weaknesses identification and completeness in promoting internship opportunities. The findings serve as a valuable resource for ongoing efforts to enhance the educational experience at Sharda University, fostering continuous improvement and ensuring student satisfaction remains a top priority.
