ALUMNI TESTIMONIALS

Yusuf Kawu Ibrahim, MA English

My name is Yusuf Kawu Ibrahim. I hail from Nigeria and have completed my Master's degree at Sharda University. My Master's introduced me to new ways of thinking, foundational skills for research and critical thinking. This, in turn, equipped me with the practical skills I needed for international exposure to do research and write materials professionally. I am delighted to have supportive and helpful lecturers who did their best to guide me through the entire course by keeping us up-to-date with opportunities and work experiences. This encouraged me to do a Master's not only for a future career but also for my enthusiasm for the chosen subject.

Priyanshu Sengar, B.A. Geography

Studying Geography at Sharda University, Greater Noida was a transformative journey. The faculty, resources, and supportive environment helped me grow academically and personally. I gained deep insights into geography and developed skills that will pave my way to shape my career in my aspirational direction. I'm truly grateful for the enriching experience and lifelong memories.

Sonia Das, MA Modern History

Hi, I'm Sonia Das, a student of modern history from the Department of History (SSHSS). Being part of the history department has been a journey I'll always cherish and be grateful for. With quality education, the department offered me opportunities to grow in different fields and co-curricular activities. Our professors have been incredibly hardworking and patient, always ready to guide—whether it was through classroom discussions or just lending an ear when needed for academic or personal support. SSHSS gave me more than academic knowledge; it gave me confidence, opportunities to grow, and a sense of belonging.

Areeza Javed, B.A. Economics

The School of Humanities and Social Science has given me the experience of a lifetime. We get chances for internships, guest lectures and conferences which open a whole new pool of opportunities for me and my fellow classmates. The faculty is very supportive and there are people from diverse backgrounds. Interacting with everyone is not less than a learning moment. SSHSS has taught me a lot and I hope to learn more.

Gangte Tachung, B.A. Political Science

Hello, I am Gangte Tachung, a student of B.A. Political Science at Sharda University. This programme has been intellectually enriching and transformative, offering a strong foundation in political theory, comparative politics, international relations, and public policy. A key highlight of my experience has been the mentorship of Dr. Rukmani Joshi. Her engaging teaching style, deep subject knowledge, and ability to relate theory to real-world issues make her classes both insightful and inspiring. She creates a supportive learning environment that encourages critical thinking & open dialogue. Beyond academics, Dr. Rukmani is a compassionate mentor who genuinely invests in her students' growth.

Neikuosatuo Kire, B.A. Political Science

My experience in the B.A. Political Science programme at Sharda University has been intellectually and personally enriching. The course offers a well-designed curriculum that blends theoretical knowledge with contemporary issues, encouraging critical thinking and engaging dialogue.

A defining part of this journey has been learning under Dr. Rukmani Joshi. Her passion for teaching, empathetic approach, and ability to connect with students make her an exceptional educator and mentor. She creates a classroom environment that inspires confidence, curiosity, and growth.

True to the saying, "Teachers are like candles," Dr. Rukmani has been a guiding light—supportive, encouraging, and deeply invested in our development.

Srishti Roy, B.A. Psychology

I am Srishti Roy, a former undergraduate student in psychology from Sharda University express my immense gratitude towards the university and the psychology department for guiding me through my journey, supporting me in achieving various milestones that I proudly speak of. Constant exposure, field visits and extra curricular activities gave me the opportunity to develop holistically. Not alone the department but the time spent with my fellow classmates who brought diversity through their thoughts, beliefs and culture helped me grow as a human being which again is credited to the University that creates an environment that's inclusive and supports harmony.

Praneet Xalxo, B.A. Sociology

Being a part of the Sharda School of Humanities and Social Sciences (SSHSS) has been one of the most enriching and transformative experiences of my life. Completing my bachelor's degree in Sociology was one of the most transformative journeys of my life, and I owe so much of that growth to the incredible guidance and support of my teachers. Each member of the faculty brought not only deep academic knowledge but also a genuine passion for teaching and mentoring. Their ability to challenge us intellectually while encouraging independent thought made every lecture, discussion, and assignment a meaningful experience. I feel proud and grateful to have studied under such inspiring educators.

Jaslan Rane, B.A. Economics

Studying Economics at Sharda University has been a rewarding experience. The course structure and faculty guidance at Sharda exceeded my expectations and provided me the right blend of knowledge, exposure and opportunities. Thankful to Sharda University for laying a strong foundation in economics and preparing me for the future.

Syed Ahsan Illahi, B.A. History

Attending Sharda University has been one of the most defining moments of my academic experience. The lively campus, the cosmopolitan student body, and the unlimited avenues for development make it so much more than a university — it's a world of its own. But what makes it truly unique are the incredible professors at the School of Humanities and Social Sciences. Their brilliance, depth of knowledge, and unflinching commitment to students have made me approach education in an entirely new way. Each lecture makes me ponder, each discussion an inch closer to clarity and purpose. Mentorship here has been nothing short of transformative.

Priyanka Mali, MA Economics

Being a Master's student in Economics my experience so far has been incredibly enlightening. The faculty's expertise and support, along with a collaborative peer environment, have made learning both challenging and rewarding. Engaging with peers from diverse backgrounds has enriched my learning experience and opened up new ways of thinking. In addition to strengthening my academic background, this program is developing my research and analytical abilities for potential future contributions to economic growth and policymaking.

Yash Sahu, B.A. Geography

Studying geography at Sharda University has completely changed the way I see the world. From understanding climate change, disasters to global cultures, every lesson felt relevant and engaging. The hands-on activities and real-world examples through fieldwork in Geography, made learning both fun and insightful. My geography teachers are highly qualified and learned. They know the art of breaking tough topics into simpler forms. I now have a deeper appreciation for how geography shapes our lives!

Tingten Longs, B.A. Geography

Studying geography at Sharda University has opened my eyes to the endless connections between people, places, and the environment. Each course sparked my curiosity — from exploring climate change and disaster management to discovering diverse global cultures. The engaging field work and practical projects made learning dynamic and meaningful, far beyond textbooks. With the constant support of my passionate and knowledgeable teachers, I've grown not just as a student but as a global thinker. Geography at Sharda has given me the knowledge to understand the world's challenges and the confidence to be part of the solutions.
